

Soul Wound Healing & Deliverance Session script

This is a general soul healing and deliverance script that you can use when you first start to take people through their inner healing and deliverance sessions.

Ask the person about where their most significant wounds in their lives came from since they need to forgive everyone from their hearts according to Matthew 18:21-35 and then write down their answers either on your phone, iPad, computer or on a piece of paper. You can walk through this list:

- Did you have wounds from your father?
- Mother?
- Step mother or step father (or foster parent)?
- Grandparents?
- Aunts or Uncles?
- Cousins?
- Siblings?
- Your children or step children?
- Tell them that 95% of people were either exposed to porn or sexually molested by age 14 – ask them if they had been exposed to porn or been sexually molested or violated and then write down who it was?
- Bullied or teased from anyone?
- Dating relationships?
- Friends or ex friends?
- Spouse or ex-spouse? Divorced?
- Inlaws?
- Any traumas, car accidents, fires, near death?
- Abortions?
- Church or ministry people that hurt you?
- People at work?
- What was the worst thing that ever happened to you?

Then go back to every person who wounded them and have them close their eyes and if they don't know how the person was wounded then ask Jesus to come speak to them and show them how those who had hurt them were also hurt so they can have some compassion for those who hurt them and help their hearts to be able to forgive. Then

have them say “I choose to forgive (their first name or mom or dad, grandparents, aunts/uncles, cousins, siblings, etc.) from my heart for causing me to feel.....” and then have them name off all the toxic emotions that they felt like...”rejection, abandonment, worthless, not good enough, unloved, unwanted, hated, dumb, a burden, etc” then have them give all those wounds to Jesus and ask Jesus to come and heal those wounds. Then command every demonic spirit that was attached to their soul from the person who hurt them to go to the pit in Jesus name. Then have them take a couple of deep breaths. They should start to feel lighter. Then go on to the next wound and get that healed. So forth and so on.

If they had been exposed to porn have them give all their feelings when the first looked at it when they were younger (guilt, shame, dirty, lust, etc) to the Lord and ask Jesus to cleanse them, remove all images from their memories and give them back their childlike innocence.

For those who were wounded sexually by anyone have them choose to forgive the person for causing them to feel and have them name off the feelings. Often they will feel violated, ashamed, dirty, confused, guilty, angry, and have them give all those emotions to Jesus and ask Him to heal. Then command every demonic spirit that attached to their soul from them to be gone in Jesus name. Then break all soul ties and sever all sexual covenants. Then ask Jesus to give them back their childlike innocence and purity. Also if they were married but now divorced break off all soul ties and sever all sexual covenants over them.

Once all the wounds are healed then tell them to say “I choose to forgive everyone who ever hurt me in my life from my heart. I ask to be forgiven for all who I have hurt. I ask to be forgiven for all of my sins. I repent for all pride. I break off all generational curses, I break off all secret society curses and all witchcraft curses in Jesus name.” Then command every demonic spirit that would have attached to their soul to be gone in Jesus name.

Removal Process of Demonic Strongmen

Next you will make sure that the top demonic strongmen don't have any legal rights to stay. Tell them it is similar to David when he killed Goliath. He didn't have to kill all the Philistines. He killed the strongman and then all the other Philistines had to scatter. So

when we remove all legal rights from the strongest demons we can command them all to go and every other demon that reports to them has to go with them to the pit.

So tell them to close their eyes and then command Appolyon (fear) to come before the courts of heaven (because it can't lie in the courts of heaven) and to tell the person if it has any legal rights to stay. If it says no to them or is silent then you can command every demon that reports to it to go with it to the pit in Jesus name and also command any damage that the demons did to the person to be healed in Jesus name.

If it says yes that is has a legal right to stay then ask it what gives it a legal right and it will tell the person in their mind what the right is. Often they will need to either forgive someone or repent for something they have done (like they dabbled in the occult, repent for an abortion, repent for masturbation, or break off Freemason curses of family ancestors, etc). Once the demon responds that there are no more legal rights to stay then command every demon that reports to them to go to the pit with them in the name of Jesus.

Then go on to the next strongman which would be Asmodeus (lust). Again ask it if it has any legal rights to stay (yes or no). If it says yes ask it what right it has and then have the person tell you what they hear and to break the right by either forgiving someone or repenting or renouncing and breaking something. Once it says it says no or is silent then command it to go and every demon that reports to it and command all damage they did to be healed in Jesus name. Then go onto Leviathan (pride), Jezebel, Ahab, Baal, etc. On page 3 & 4 is a list of the most common strongman demons that you will deal with.

Then once you have finished with all the demons they should feel lighter and better. You can command if there are any other demons that have any legal rights to stay to come forward and identify themselves. On occasion other demons like Lucifer could have rights so just command the demons to tell the person what gives them a right to stay and then remove the rights by having the person forgive or repent or break off anything that needs to be broken off until all rights are removed. Some will yawn during the process or cough as the demons are leaving.

Then talk to them about taking every negative thought captive (2 Cor 10:3-6) so any other demons can't speak to them anymore. It could take them a few months to successfully stop every thought from the enemy. You can send them my teaching on YouTube on how to take every demonic thought captive:

Tell them to make sure they forgive everyone who may hurt them going forward so the demons won't have legal rights to torment them. Then walk it out every day. You can also tell them about my book Freedom From Soul Wounds and Demons for an additional resource.

Once you have commanded all demonic spirits to be gone from the person then you can make declarations over the person to bless them. Say "I declare that you will walk in the fruit of the spirit which is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness and self control. I also declare you will walk in humility and sexual purity. I declare that you will be quick to forgive all those who hurt you and not take any offenses. I declare that you will have a stronger level of discernment and keep people at a healthy distance who live compromised demonic lives. I declare that you will practice taking every demonic thought captive by saying "I silence the voice of the enemy in Jesus name" every time you hear a demon whisper to your mind. I also declare 100% health, wholeness and healing throughout every cell in your body. I declare all the financial damage done to you by the enemy to be paid back to you 10x in Jesus name!"
